## DATALOGIC INDUSTRIAL CORDED SCANNERS

**Datalogic's PowerScan industrial handheld barcode scanners** are the definitive example of ruggedness and durability. Often imitated, but never rivaled, the PowerScan products rise above the competition with their outstanding performance & unyielding reliability. ALL Scanners feature Datalogic's exclusive patented **3 Green Lights (3GL™)** 'Green Spot' directly on the barcode for good-read feedback. PowerScan offers conventional laser, linear or area imaging technology, plus a variety of features to meet specific scanning needs.

*\*All kits include USB Cables*

### **PowerScan 7000 2D Series – Starting At: \$532.65/USB Kit\***

The PowerScan 7000 2D barcode scanner gives you industrial grade durability at an economical price. Available as a standard range or high density imager, the PowerScan 7000 2D can scan barcodes from up to 12" away. The PowerScan 7000 2D has been designed to hold up to incredibly rough environments, sporting an IP65 seal & designed to operate in temperatures as low as -22° F. A Leading **5-Year Warranty**.

**Best Used For: Commercial & Industrial Applications, Extreme Environmental Conditions, Shipping & Logistics**

### **PowerScan PD7100 Series - Starting At: \$386.45 USB Kit\***

The Datalogic PowerScan PD7100 is a rugged industrial linear barcode scanner that offers the highest standards of reliability, robustness & performance plus exceptional value. The unit is 6-foot drop-tested to concrete, IP65 rated against water and dust, & capable of operating in the most extreme temperature conditions. The PowerScan PD7100 features advanced code stitching capabilities, making it easier to read poorly printed and damaged codes the first time. **3-Year Warranty** ensures low total cost of ownership.

**Best Used For: "High Speed"/Industrial Applications, Receiving Departments, High Volume Applications**

### **PowerScan PD8300 Series - Starting At: \$489.50 USB Kit\***

The Powerscan D8300 series of barcode scanners provide enhanced durability, an optional auto-ranging scan engine, lightweight & well-balanced ergonomic enclosures, providing industrial locations with a solid choice for a cabled barcode scanner. A rubberized body protects the scanner from drops of up to 6.5 feet and seals it from dust and water. **3-Year Warranty**.

**Best Used For: Extreme Environmental Conditions, Battery Operated Terminals, Asset Tracking**

### **PowerScan PD9500 2D Series - Starting At: \$495.89 USB Kit\***

The PowerScan 9500 Series Omni-Directional barcode scanners represent the new 2D handheld bar code scanners with rugged mechanics for industrial applications. Available as a standard or high performance scanner, the PD9500 2D scanner is built to operate in temperatures as low as -4° F, environmental seal rated at IP65 keeps all dust and water out & withstand repeated drops to concrete. **3-Year Warranty**.

**Best Used For: Warehouses & Warehouse Management, Logistic Centers, Manufacturing Plants**

**Service • Repair • Loaner Scanners**  
**FREE Pre-Sale & Post-Sale**  
**Technical Support on ALL Printers!!**
