- Windows® Print Drivers
- **FREE Design & Printing Software Included**
- 12-Month on Printer / 6-Month on Print-head
- **Free Pre-Sale & Post Sale Technical Support**

The GC420t series is a entry-level desktop printer that delivers a high-quality feature superior to competitors' in the compact 4-inch desktop printing category— The GC420™ desktop printer brings Zebra quality, durability and reliable performance to many low- to medium-volume, direct thermal and thermal transfer printing applications.

The GC420t printer's compact, space-saving design contains a powerful 32-bit processor for fast label throughput, and 8 MB Flash memory for increased storage of fonts and graphics. The GC420t supports media widths up to 4.25" for standard desktop applications. It also includes both EPL2™ and powerful ZPL II® programming languages—making it easy to integrate with other Zebra printers.

The GC420t is easy to load, operate and afford. This low-maintenance and durable Zebra desktop printer reduces customers' training requirements and operating costs, and with dual-walled construction, it is built to withstand rough handling in busy work environments. Peeler/dispenser option extends the GC420t printer's versatility to meet an even greater variety of applications. The GC420t printer will eventually replace the LP 2844™, providing several added features and benefits.

If you would like to receive a complete manufacturer's spec sheet for the GC420t, please call A Bar Code Business, Inc. technical support team at 1-800-644-0077.
